## DASCOM DC-7600 600 DPI Color ReTransfer Smart Card Printer

### DC-7600 Features

**SAFE** Own design, ensures information is safe

**INDUSTRIAL DESIGN** Industrial grade design

**600 dpi** High resolution printing

**FAST** Fast speed, higher productivity

**RUGGED** Heavy duty

**100% COVER** Edge to edge full card printing

**LARGE INPUT** Large card feeder capacity

**SMART** Supports a variety of smart card encoders

Retransfer print technology is the next level up to Direct-to-Card print technology. First, the image is printed on a film, then the image is transferred from the film to the card. This technique is suitable for Over the Edge, heavy duty printing, improves reliability and is suitable for a large variety of card types, such as:

- Travel ID cards
- Entry permit cards
- Resident cards
- Identity card
- High quality card applications
- Driving License
- Student card
